

Description

Save the time and expense of tearing up sidewalks, driveways and other paved areas to install irrigation lines or power and communication cables. The hydraulically powered attachment bores horizontally to accommodate pipe or cable up to 10 cm in diameter. After boring, it can pull the pipe or cable through the hole.

Dimensions

Description	Item number	Overall length (A) (mm)	Overall width (B) (mm)	Overall height (C) (mm)
Boring Unit Non-CE	7110098	-	910.0	-

Weights

Description	Item number	Operating weight (kg)	Shipping weight (kg)
Boring Unit Non-CE	7110098	59.0	59.0

Main features

- Multiple frame positioning - allows the operator to position the machine right next to obstacles, such as buildings.
- Bore as deep as 61 cm below the ground surface and as far as 913 cm horizontally.
- Available within various sizes of bits, reamers and rock heads.

Applications

- Construction and Demolition
- Landscaping
- Road work, Recycling and Cleaning

Loader Compatibility

Description	Item number	Compatible with loader	Functional requirements
Boring Unit Non-CE	7110098	MT55E, S70E, L28, L23	-
